

The Temple of Sound offers...

A Sacred Sound Healing Ceremony

“AWAKENING the CHRIST LIGHT within to ACTIVATE the power of LOVE”

with Dona Ho Lightsey

accompanied by Amy McTear and Joseph Jastrab

Beyond race, culture and religion is a common force that connects us all. Many are feeling the call of this great force, for the rising of an evolved humanity- “a new earth”.

Within every human heart lies the seed, the spark of Christ Consciousness which in its full glory is the anchoring of illumination and compassion. This auspicious ceremony utilizes the return of the sun's light to activate a potent remembering of our own innate divine light.

Masters of Light and Mothers of Love will join with the Angelic Realm to assist and support us in co-creating a Sacred Harmonic TEMPLE OF SOUND. Through light transmissions, sound codes, activations, and harmonic choirs we will exponentially fan this flame of Light and Love.

Dona Ho Lightsey is a Master Angelic Healer, Sacred Sound Priestess and multi-dimensional channel aligned with personal and planetary evolution. www.violetalchemyhealing.com 883-7899
